-----US CUSTOMS TRADEMARK RECORDATION NOTIFICATION-----

United States Customs & Border Protection (CBP), a bureau of the Department of Homeland Security, maintains a trademark recordation system for marks registered at the United States Patent and Trademark Office. Trademark registered on the Principal Register may be recorded with the CBP, to assist CPB in its efforts to prevent the importation of goods that infringe registered marks. The recordation database includes information regarding all recorded marks, including images of marks. CBP officers monitor imports to prevent the importation of goods bearing infringing marks and can access the recordation database at each of the 317 ports of entry. Holders of registered trademarks and copyrights concerned with imports and/or exports of infringing goods should record their trademarks and copyrights with CBP.

Upon receipt of this form and your payment the US Trademark Service Division will record your U.S. Trademark Registration with the U.S. Customs & Border Protection (CBP) for our 500USD service fee plus 190USD government fees. Enforcing your intellectual property rights and protecting a trademark from confusingly similar names is essential and the sole responsibility of the trademark owner and not the USPTO. The US Trademark Service Division is a company that provides a service to help you protect your intellectual property rights.
