DesignEuropa Awards – call for creative Swiss designers

Up until 20 April, designers can submit entries for the DesignEuropa Awards. The Awards celebrate outstanding achievements in the field of design and design management.

Organised every two years by the European Union Intellectual Property Office (EUIPO), the Awards have two categories open for applications and nominations: Small and Emerging Companies and Industry. There is an additional category for Lifetime Achievement, reserved for designers with a significant body of work developed over the course of their career, and who have had a significant impact on the design industry.

The third award ceremony of the leading European prizes for design will be held in the Netherlands, during the 2020 Dutch Design Week in Eindhoven.

DesignEuropa recognises the best products in the field of industrial design from all over Europe and further afield.
