«CAS IP Law»: Course begins in autumn

The Zurich University of Applied Sciences (ZHAW) is launching the certification course CAS IP Law this autumn. The course was developed in cooperation with the Swiss Federal Institute of Intellectual Property (IPI). The goal of the cooperation is to foster knowledge about intellectual property. The IPI supported the ZHAW in the conception of the course and is also providing several experts as...

Roundtable on the protection of computer-implemented inventions
On 19 September in Bern, the European Patent Office (EPO) and the Swiss Federal Institute of Intellectual Property (IPI) will host a roundtable on “Patenting procedures relating to computer-implemented inventions.” The free seminar will focus on the patentability of software in Europe. Computer programs are, as such, protected under copyright. However, thousands of patents are granted for...

**The secret heroes: SMEs as drivers of innovation**

Are only start-ups innovative? Do SMEs run out of ideas? At the Swiss Innovation Forum in Basel, the Swiss Federal Institute of Intellectual Property (IPI) is hosting a breakout session on this topic. On 22 November, the Swiss Innovation Forum (SIF)
will take place in Basel. Once again, the main partner is the IPI. The motto of this year’s event is “Surprise” – the key to innovation and...
